UNKOin is an Ethereum-based token, ERC 20.

UNKOin is an Ethereum-based token relying on the Ethereum platform and has several advantages.

For example,

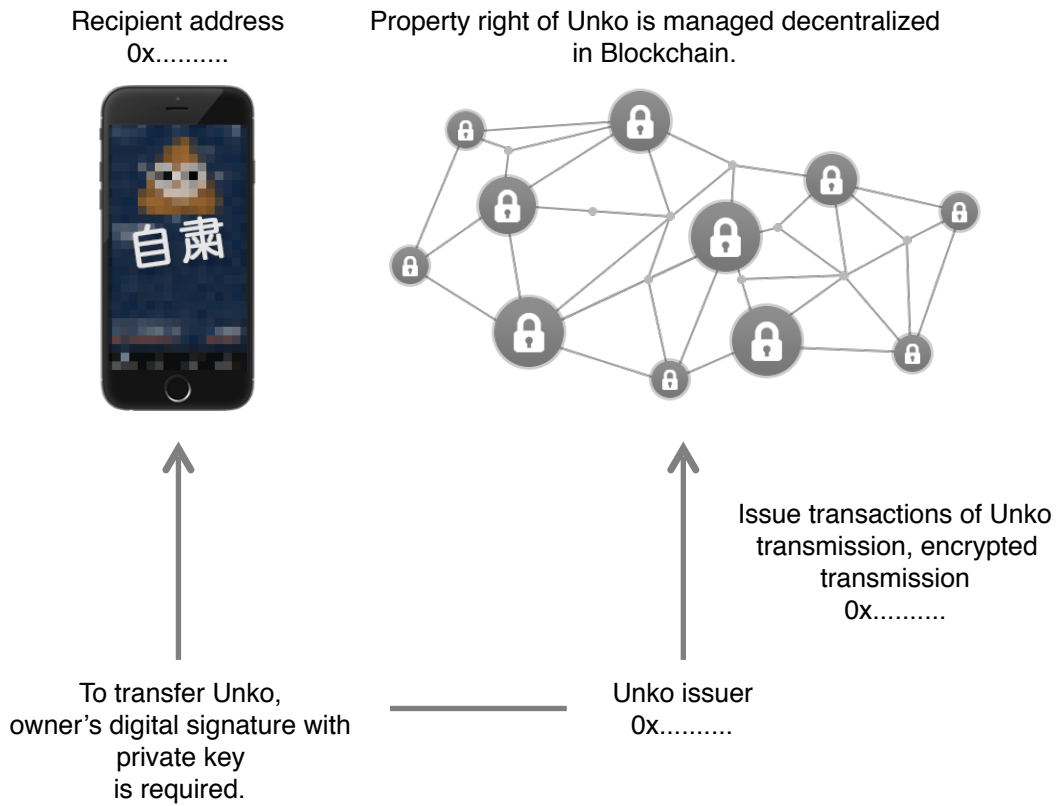

1. Secure
2. Robust, using supported clients, and manageable by the official Ethereum client
3. High liquidity

Effective use of UNKOin

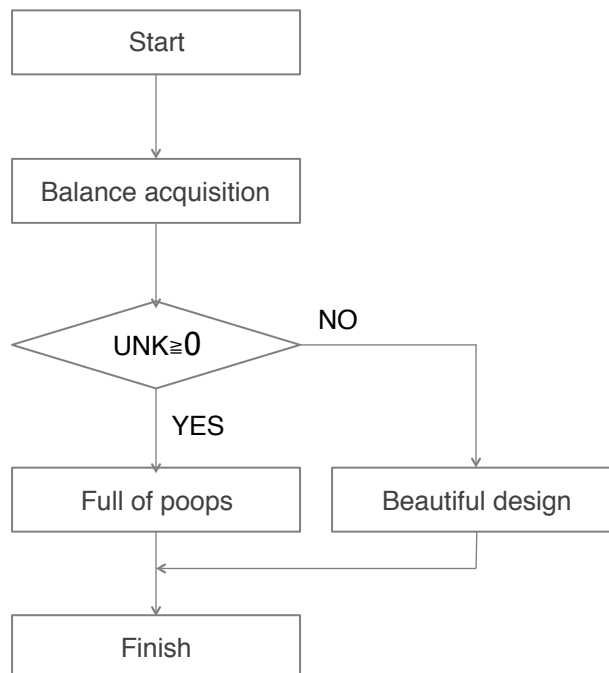

- Download HB Wallet
- When you receive over 1 UNKOin on the main account of HB Wallet, the screen of HB Wallet will be full of poops.
- If you want to remove the poops from your HB Wallet, send UNKOin to another account to return to the beautiful design of the original HB Wallet.
